Sticky Situations 2: 365 Devotions For Elementary Kids

Synopsis

Do 6 to 10 year olds face tough choices? You bet they do! Based on the popular original title Sticky Situations, this "little brother" edition includes 365 daily devotionals specifically targeted to younger kids. The situations are familiar—pressure from an older sibling, fears, need for compassion, and finances—but the kids and the solutions focus on younger readers. Kids will look forward to reading the true-to-life stories, Scripture verses, and fun activities that await them each day.

I have 2 grade school boys that enjoy this book of devotions, the Sticky Situations: 2 book is packed full of real life situations, easily identifiable by your children with real life problems too! This book is divided by monthly topics, such as.. January's topic is love and kindness and so forth. I like the stories in this book different than others because the situations are vivid, believable, things that could and do happen every day at school, like... I WORE MY WWJD BRACELET TO SCHOOL AND THE CLASS BULLY ASKED ME WHAT IT STOOD FOR, DO I TELL HIM? Other stories include kids playing video games and resulting conflicts, comic books, tithe, neighbor friends, Sunday School...so many more. After each devotional story, there are multiple choice questions for you to read with your kids or them alone. Sometimes, more than one answer is possible, one is

better than the other. The answers really get kids talking about the right path that should be taken, and also an opportunity for kids to share similar things/stuggles they've encountered and how better they can choose to react next time. A Bible reference is printed at the bottom of the page, the verse is not listed within the book.

Great book. This is by far one of the best devotional books we have purchased. Has real life situation that help bring the bible into kids current life problems. Has realistic situations and many different ways to handle them. Our seven year old loved it.

Both my children look forward to these lessons before bedtime. The lessons have definitely built their confidence and character. This book bridges real life "sticky situations" elementary kids may find themselves in to Bible verses explaining how God would want them to behave in such situations. The children are given a real life situation and then asked to choose from three options on how they think the child should resolve his or her "sticky situation". A Bible verse is supplied to help the children see how God would want them to handle it. I found that my children often know the correct answer, though they may not have chosen to act that way in the past. This gives them the confidence to know that though choosing the right behavior may not be the easiest, it is ok to take the hard path as they will have the support from God to do so. Each month works on a different virtue. This book has been a life changer.

Wow, when I picked this book up in the Christian Book Store I was immediately taken by it. I've always looked for devotionals that would really hold my childrens' interests and this is it! Each day there is a new "sticky situation" that a child is in, and it gives multiple choice answers to figure out. Then it tells you where you can find help in the Bible (give a verse) and how to discuss this. The cover itself is hilarious and gets the kids to look inside. I have a 7yr old girl and 10.5 yr old boy and this book is great for both. It will be good for my son until he's at least 12. I also got the first version of this book which is just as good :) These are perfect to do either during breakfast in the morning or during dinner in the evening as a family. We keep them on our kitchen counter along with a Bible. You'll love it :)

I have a 6 and 4 year old and while it's a little over the head of my 4 year old, he still loves the habit of reading it nightly. My 6 year old enjoys it just as much and is enthusiastic to look up the verses himself. The stories are relatable and even though my 6 year old hasn't had all these experiences

yet at least he understands them.

This is a great devotional for my 7 y/o daughter. She has a hard time paying attention to other devotionals, but not this one! This one is just right for her! With any other devotional we try to read she starts getting squirmy, but this one is fun. In the beginning, it will tell you what you will cover for the month. It has a verse for the theme of the month. Each devotional has a short scenario with a quiz at the end. Followed up by the verse covering why you should have answered in that way. The book has activities thrown in the month for them also like dot-to-dot, and at the end of the month they go over what they learned with a review. It's fun to end the night doing this devotional with my daughter.

My Son looks forward to reading this at night. He especially loves it when I substitute the characters names in the story with names from people in our circle of family and friends We pair it with the Boy's Devotional and he loves our time reading together. I just think that some of the questions at the end are a little over his head. He is 9.

This book is one of the best devotional books I have ever read! My 7 1/2 yr old daughter LOVES it and begs me to read more than one devotion to her all the time. The stories are so true to life, the questions are great and the multiple choice answers are so realistic that I am sometimes glad there are answers! ha! The scriptures she uses are from the whole Bible and she doesn't just refer to the commonly used ones. For example, she sends kids to 2 Chronicles to read how the Levites were faithful or other books to lesser known stories. I cannot say enough about this book! Great job!!
