I worked through this study by myself and still found it very useful in exploring some of the key messages underpinning the first 7 chapters of Hebrews. It is not a verse-by-verse study rather one that explores the key messages. In this regard it is an excellent study for groups as it provides good background to each chapter, provides meaningful interpretative thought and asks leading questions based on the verses explored. There is also a leader's guide at the back to assist the leader in guiding the discussion. It is an interactive study and I expect would be a lot of fun to work through with a small group.

We used this book in a group study. I really like David Jeremiah's preaching and teaching, but I found that this book was a big disappointment. I/we felt that it was lacking in its content and depth. I would never have guessed that it was written by him. If you are a new Christian or are looking for a light study to do, then it would be a good choice for studying Hebrews.

I am looking for a Bible study for a ladies Bible study group I lead. I am very disappointed at the lack of info given for this study. I will not purchase a Bible study without seeing a sample of the writing and especially the questions. I want to live by faith, but when it comes to leading a Bible study, seeing what you are ordering is a must!

good study

Great study!
