Perelandra (Space Trilogy, Book 2)

Synopsis

The second book in C. S. Lewis's acclaimed Space Trilogy, which also includes *Out of the Silent Planet* and *That Hideous Strength*, *Perelandra* continues the adventures of the extraordinary Dr. Ransom. Pitted against the most destructive of human weaknesses, temptation, the great man must battle evil on a new planet -- *Perelandra* -- when it is invaded by a dark force. Will *Perelandra* succumb to this malevolent being, who strives to create a new world order and who must destroy an old and beautiful civilization to do so? Or will it throw off the yoke of corruption and achieve a spiritual perfection as yet unknown to man? The outcome of Dr. Ransom's mighty struggle alone will determine the fate of this peace-loving planet.

Customer Reviews

STORY: Dr. Ransom is kidnapped by two other scientists and whisked away to the world of Malacandra. His wouldbe kidnappers think they are bringing him to be a sacrifice to the beings of that planet. What happens is an adventure of discovery and facing the truth about human nature, which forever changes Ransom.**MY FEEDBACK:**1) **SETTING** - C.S. Lewis just shines in his descriptions of new, exotic places and the beings that live there. His vivid details allow the reader to create a wonderful mental image of a world totally different from our own. Very, very nicely done.2) **CHARACTERS** - The cast of characters consists of Dr. Ransom, Dr. Weston, Dr. Devine and the various beings found on Malacandra (sorns, hross, pfifltrigg and Oyarsa). Every character has a

purpose and is allegoric of something greater, which is sometimes clearly demonstrated and at other times left to the reader to interpret. At no point was I bored or upset at stereotypes when reading about these characters. Even if you don't see the allegories they represent they are still intriguing and unpredictable.3) STORY - I read somewhere that this story is a retelling of the Christ story from the Bible. I didn't see that. Yes, there were some similarities such as the Bent One could be Satan and his fall from heaven. Otherwise, just reading the first book I didn't feel like I was being preached out or given a Bible Study of any type. It was an intriguing sci-fi story of discovery. Also, like many secular sci-fi books written prior to 1950, this book makes clear commentary on human society. In other words if someone puts this book down because of the social commentary then that reader is unfamiliar with such literary trends as mentioned.
