# Customer Reviews

I bought two of these books for my 9 yo. I really love the concept, love the topics, but there are too many realistic fatal endings!Would really really love these books if they were more optimistic and happy.

My son hates to read but thankfully finding these books have totally reversed that! He has know read and collected over 12 of these books. We love the way the books are interactive. I can't brag enough about these books being great for my boys!

My youngest daughter (age 10) is so into these books. She loves to make different choices within the books to see the various outcomes.

Love these interactive books! My 9-year-old reads them to us, and we all learn something together! an easy read, and fun!

Great to keep kids engaged in reading. Choose your own ending, they want to see what's going to happen.
