## Customer Reviews

I ordered this book for my daughter who used it as a source for a paper she was writing for school. It is not a travel guide, but an informational book as described. She said it was her favorite source because it had a lot of information and was easy to use. Recommended for children who need to learn about Chile!

Terrible! I was expecting a guide book or similar. Instead this book was a simple, short childrens-level school book with hardly any useful info
