Drones: From Insect Spy Drones To Bomber Drones

Synopsis

As small as a fly or as big as an aircraft, Drones are changing the face of military warfare. Drones will be the first title available for young readers on this topical subject. Drones, or Unmanned Aerial Vehicles (UAVs), have become an essential and controversial tool for the U.S. military. Capable of targeted killing, they can be as small as a fly or as large as an aircraft. They can be used to spy on a neighbor, to undergo long reconnaissance missions, or to bomb a military compound. Unmanned Aerial Vehicles are changing the way wars are fought. Using fact boxes, diagrams, photographs, and specially commissioned, computer-generated color illustrations, DRONES is an exciting, accessible work about the latest in aviation technology.

Book Information

Lexile Measure: NC1230L (What's this?)

Paperback: 96 pages

Publisher: Scholastic Paperback Nonfiction (July 29, 2014)

Language: English

Grade Level: 3 - 7

Customer Reviews

I worked on one of the earliest spy drones in the 1960s. Glad to see it still in use? Back then, it eventually crashed, or was shot down, while flying over China. Made headlines in both countries and internationally. Photos of our company nameplates hidden inside the drone on the electronics black boxes were published in papers, and I cut them out and stuck them in the Secret file cabinet. Gee, now I do my own droning, if there is such a word, for just a few hundred dollars. Did you see the TV episode of HARRY'S LAW where she shot a drone down with her shotgun? What a gas.

This is just fun. Great to get a piece of history in the making with this new industry.

Great book!!! Lots of interesting facts and great illustrations

Fast shipping. Good quality. My granddouther loves this book. She is going to be designer aircraft

Great illustrations and jam packed with information.

Great for the boys who do not like to read.

My 10 yr old nephew liked it.

Awesome, not easy to initially maneuver but my Son loved it and is getting better each day, need replacement parts!
