Map Of UK And Ireland

Synopsis

This detailed relief map of the United Kingdom and Ireland is colour coded to show the area of each country and large city. County boundaries are marked, as are rivers, motorways, ports and airports. An explanation of the political relationship between the countries is given, alongside information about the distance from sea level to Ben Nevis.

Customer Reviews

This map is nearly impossible to read. I had to use a magnifying glass and still had trouble making out the names.

Agree with other reviewer about readability. Text is so small and crammed it's nearly unreadable. good from far with the colored countries, but that's about it.

Perfect! Laminated well.
