The Pursuit Of God

Synopsis

During a train trip from Chicago to Texas in the late 1940s, A.W. Tozer began to write The Pursuit of God. He wrote all night, and when the train arrived at his destination, the rough draft was done. The depth of this book has made it an enduring favorite.

Customer Reviews

This book is probably the most spirit filled and guided work I've read in a long time. You can not help but hear the voice of God calling you to a deeper relationship with Him as you read this amazing classic. From beginning to end each page is an impassioned plea for the reader to abandon "comfortable Christianity" in order to truly know God as He desires to be known. You can see right away that truly Mr. Tozer wrote this book on his knees. I found myself challenged to look at my own faith in Christ and what I should be doing with that faith in every chapter. Sometimes with weeping and confessing and always compelled to deep times of prayer and renewal in God's presence. The chapter entitled "The Blessedness of Possessing Nothing" should be required reading for anyone confessing Christ as their Lord. I was totally blown away and my life with Christ and my own pursuit of God has been forever enriched. I have read this book over and over and shared much of it with friends and family. If you are "stuck" in your walk with the Lord, let the Spirit of God use this book to shake you loose and move you onward and upward.

This is one of a few books I've read that, upon reading it, actually manifested God's presence. In

line with the teaching of the book, God impressed upon me his love and his desire for a more intimate relationship. I broke into tears. Few books have had that impact. The chapter entitled "The Blessedness of Possessing Nothing" is a profound call to absolute simplicity and abandonment to God who owns everything you may think you "possess", including yourself! Surrender it all to God and see what miracles will be wrought for His glory. Let God possess you! For those who want other recommendations, try "The Christian's Secret to a Happy Life" by Hannah Whitall Smith, "A Testament of Devotion" by Thomas Kelly, "Abandonment to Divine Providence" by Jean-Pierre de Caussade, "The Practice of the Presence of God" by Brother Lawrence and, for those who want to experience God's holiness in a powerful way, "The Holiness of God" by R.C. Sproul. - Brad Clark

Didn't realize that when they called this book a classic they really meant it. Many ideas and also clear direction to a more full walk with God (which, I think, is what we all really want). For the believer, God's "distance" is never the issue. It is only that we are to tune in to Him and the reassurance of His already immediate presence is known and felt by us. The idea of God's Throne in one's life (and there is room only for One on the throne at any time) is simplified. Yes, we want to walk with God. But remember it is He who reaches out to us before we can know Him in the first place. No wonder this book is so highly regarded.

I've been intimidated to review this book for a long time. Why? This book changed my life. I grew up in a conservative Christian church, my father was a pastor, and I was studying for the ministry when I purchased this book as a gift for a good friend. I didn't want to give him a gift that would lead him astray, so I decided to read the first chapter. What I found was nothing like what I had known. This was no dry, moldy, "scholarly" book--this was alive. The blessed truths that had been buried in my heart and mind beneath the drudgery of modern scholarship's debates over dating, authorship and sources came pouring forth in what I can only describe as "rivers of living water" (John 7:38). Through the Spirit-led power and insight of Tozer's writing I was awakened to the reality of the Almighty God and the nearness of His blessed Holy Spirit in an amazing way. The prayer he offers at the end of the first chapter (in which he borrows Moses' prayer from Exodus 33) left me in stunned awe before my Maker. This book (as its author was) is annotated with the presence and power of God. I would most highly recommend this book to any person--both those who thirst for more of God and those who know nothing of this deep soul-hunger. Tozer speaks with an authority and passion characteristic of one who has been in the very presence of God. Let the Spirit speak to you through this great saint as you embark upon Man's most noble effort--the Pursuit of God.

For years I listened to my Pastor & other theologians quote things from this book. Everything I ever heard from this man I wrote down because it was profound & usually very convicting to my heart & it drove me to the Word of God for further study...that is a good thing. So I finally decided to read this book for myself. It was the best decision I ever made for myself. I recommend this book to every Christian..it will transform your life if you listen to the Still Small Voice deep inside your heart.

Blessings to you.

I love this classic by Tozer. In fact, I ordered this book to replace my well worn copy. Unfortunately, while reading the first chapter I encountered six typographical errors. These errors are the result of very shoddy editing. For instance, on page 13, Thee is spelled TThee. On page 17 it's T Thee. Also, one sentence on page 13 reads "That is the heavenly birth without which we cannon: see the Kingdom of God." Page 16 reads "Lift up thine heart unto Gel..." Very shoddy work by this publisher, trashing a great classic. I highly recommend you purchase this wonderful work by A. W. Tozer, but buy it from a different publisher. I've already printed my return labels and will be sending this one back to . I'll reorder from a different publisher.
