THE RUNAWAY DOG is a book about a boy, his friends, and a dog named Rags. The boy was playing Pilgrims, Indians, and a turkey. Rags was the turkey. Jones, the boy, was chasing Rags and they did not know that he disappeared. The boy went looking for him but did not find him. After the boy found his dog, they went to find Mr. Signorelli. He had no family. So the boy asked if he would have Thanksgiving dinner with him. He said, "Yes, I will have dinner with you." That is the end of the Case Of The Runaway Dog. I like this book. It is fun. When you get in the middle of the book you will find out who the bad person is. This is an exciting book because you have to figure out clues.

This is book #7 of the Jigsaw Jones books, (although you don't have to read them in order to understand what happened before.) This (in my opinion) is one of the better ones I've read. I read them to my special needs teen age son and he usually enjoys them. Although this book had more pictures almost one per page which made it more interesting for him as a listener. That was SOOO nice... he was able to follow the story better than the others. In this story Jigsaw (the young boy that

is the detective) and his friend is just spending a boring day walking in the park finding things to do. Jigsaw has his beloved dog Rags with them. They start talking about holidays and how much they like which ones and they decide to chase Rags like he's a turkey and they are a Pilgrim and Indian. Rags disappears, which really upsets Jigsaw. His friends join him to try and find Rags. So as he goes home heavy hearted to tell his family they join in his search. An elderly lonely man in the park helps them with some information Mila (Jigsaw's best friend) mentions to Jigsaw that the man isn't creepy but that he is just lonely. This book was wonderfully written with so many life lessons mixed into a charming book! Life Lessons a child never knew they were there (basically not just slap in the face 'this is how you act' ect.) Several of these Jigsaw books have been my favorite but this one was very nice to read at Thanksgiving or anytime you want to help a child learn the importance of friendship and being thankful.

This book was a perfect fit for my six-year-old grandson who is an advanced reader. He loved the book and wanted more.

Item as described.

Thank you

When Jigsaw loses his dog, Rags he has to tell his family. His friends find Rags collar and bring it to him. Jigsaw knew that someone had dognapped him. In the end he finds the person who dognapped him.
