The Code Of The Holy Spirit: Uncovering The Hebraic Roots And Historic Presence Of The Holy Spirit

Synopsis

It's time to rethink what you know about the Holy Spirit. When one of the head rabbis in Jerusalem told Perry Stone that, according to a Jewish tradition, on the Day of Atonement the high priest spoke in a supernatural "language of God," his interest was piqued, and his heart set out on a journey to discover lesser known details and insights concerning the Holy Spirit. In *The Code of the Holy Spirit* Stone shares his discoveries, providing a unique view of the Holy Spirit through the lens of Old Testament writings and Jewish tradition. In addition to revealing the Holy Spirit's presence throughout the Old Testament - including clues revealed in the Hebrew feasts about the Day of Pentecost - Stone answers questions such as: What is the chemistry of the anointing? What is the significance of the wind and the Holy Spirit? What is the code concealed in the menorah? Can a believer blaspheme the Holy Spirit? Whether you've been taught a doctrine, embarked on your own study of Scripture, observed others operating under the Holy Spirit's power, or had a personal life-changing experience, this insightful audiobook will give you a deeper understanding of this member of the Godhead than you've ever had before.

Book Information

Audible Audio Edition

Listening Length: 10 hours and 2 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Charisma House

Customer Reviews

I have been overwhelmed by the simple testimony, revelation, knowledge, and wisdom expressed so beautifully throughout Perry Stone's book. It has been such a blessing to me. It is drawing me back into a place and love of the Spirit in my life that I relished and hungered for so greatly 30 years ago. The inspiration of the Holy Spirit comes through the pages, and bathes one with the fresh,

miraculous, gentle power and love of God. Perry's love for the Savior and humility of character quietly unveil the Person and significance of our beloved Holy Spirit. The experience of reading and studying Perry's book has been somewhat like looking through an open window to Heaven.

In "The Code of the Holy Spirit" Perry Stone shares his discoveries about the Holy Spirit through his study of Old Testament writings and Jewish tradition. He discusses the anointing, the significance of the wind and the Holy Spirit, the dove and the Menorah. He tackles questions about women preachers and blasphemy against the Holy Spirit. If you've ever read Perry Stone's books or listened to his teaching, you know he is thorough in his approach. Usually this has worked well, but with this particular topic, he added too many personal stories and anecdotes that really did not add to the discussion making it tedious to read. The most useful chapter is chapter 12 entitled "How the Holy Spirit Breaks the Spirit of Vexation". If you struggle with being happy and content and you are seeking the peace God offers, this is a chapter with reading. There are other books written about the ministry of the Holy Spirit that are more beneficial than this one. I can't recommend it. Disclosure of Material Connection: I received this book free from The Booketeria, as part of Charisma House's Book Review Blogger Program. I was not required to write a positive review. The opinions I have expressed are my own. I am disclosing this in accordance with the Federal Trade Commission's 16 CFR, Part 255: "Guides Concerning the Use of Endorsements and Testimonials in Advertising."

I have read many books on the Holy Spirit and this is, by far, one of the best! It gives some insights that I have never heard before. Perry Stone is just a walking encyclopedia of knowledge. I enjoy his insights, especially the ones that speak of the hebraic roots of Christianity. This is a book that everyone should own! Read the first two chapters and you won't be able to put this book down.

Code of the Holy Spirit sheds light on various aspects of the Holy Spirit the its readers should know. It can be used as a reference book as it is important to elucidate or make simple to understand things not often grasp. One other thing, it is easy to read. Once I set eyes on a chapter, it flows with ease. Good book!

This is a great book. One you will want to have in your library as a reference. Great personal examples. All backed by scripture, and holds true to the Word of God. I recommend reading "How to Interpret Dreams and Visions,' also.

If you disagree with my review, then by all means write your own, but please don't post comments inviting me to argue with you about it. I don't want to debate it. I confess, Perry's theological insights appear - to me anyway - to be more speculative and poorly thought out than illuminating and cutting edge. Others however love his books, so perhaps I am the odd man out here. The book seems all over the place to me, with a disjointed and jumpy writing style. No disrespect to the author, but I simply did not get anything out of this. Rather than finding Stone's comments throughout the book clarifying and helpful, I found them to be confusing and fragmented. Nonetheless, other reviewers have loved the book, so read it and draw your own conclusions.

I am a trained theologian with a Doctorate degree. This is a great book for the believer who wants to know more about the Person of God the HOLY SPIRIT and His miracle working power, in the Church body and in your own personal life. This book is on proud display in my library of Pneumatology, which is the study of the person and works of The Holy Spirit.

Learning more and answering questions I had. Easy to read and well written. Curious, there are some almost invisible highlights already in the text in places. So convenient to have this downloaded to my Kindle for PC. rocks.
