## Customer Reviews

Super helpful in completing my pokedex. Gives location of pokemon within Pokemon ORAS but does not mention where to find a pokemon for XY. Still very useful to have if you plan on catching them all so it is worth the 5 stars.

Wish it came with a poster but it did not oh well ordered it from super book deals yep. It was brand new to so I guess I get no poster.

Detailed Pokedex that covers all the Pokemon currently out in the Pokemon universe. Clear and concise info to help you make Create a Pokemon team that works best for you.
